Getting VAT right in the UK/EU

Key issues and updates

Silicon Valley Bank, Osborne Clarke and High Street Partners invite you to an informational breakfast to discuss latest news and updates on European VAT regulations, implications for your company, and other key issues to consider if your company buys or sells goods in the EU. This compelling discussion will focus on:

- How VAT works across the 27 European Union states
- How to avoid many of the pitfalls encountered by US companies as they operate in the EU
- How to discover possible ways to reduce your VAT burden and improve cash flow
- The surprising extent to which EU laws may apply to companies even without a European presence

Presenting will be **Roger Bevan**, VAT Specialist with High Street Partners, and **Andy James**, a UK qualified lawyer based in Osborne Clarke's Silicon Valley office.
